Graduate student in European Studies with a background in international management. My interests focus on how European institutions and private actors interact to shape competitiveness, trade, and business environments globally. I bring a structured approach, curiosity, and adaptability developed through experiences across Europe, Canada, and Japan. I aim to contribute to organisations operating at the intersection of European policy and economic strategy.

➤ PROFESSIONAL EXPERIENCE

Event Coordination & Operational Management

Montréal, Canada

May 2024- June 2024

- Supported coordination and logistics during major international business events.
- Managed visitor flow, VIP reception, and sales operations in a fast-paced environment.
- Strengthened organisational, communication, and teamwork skills under pressure.
